Safe Campus Advocates

The Safe Campus Advocates Program is an effort of the Community Colleges of Spokane to create a safe space for all students, faculty, and staff. Through this program, students, faculty, and staff who have concerns, for self or others, surrounding violence and victimization can speak with faculty and staff members who are trained as Safe Campus Advocates and can address these issues.

Safe Campus Advocates are qualified to listen to stories of victimization and discuss options. They are able to support and refer individuals to resources they might need. They **do not** provide counseling but they do provide a safe space where individuals can have their voices heard and receive referrals to appropriate resources.

For questions about the program, contact Jim Mohr at 509-279-6081. The following is a list of people who have gone through the program.
